

# Landscapes for the Future Free Workshops!

**State Turf Removal Rebate pays up to \$2000**  
These classes help you through the process  
Or maybe you just want to learn more about landscaping

## Landscape for the Future 1—Lose the Lawn

Thursday February 16, 2017: As much as we coddle our grass, it is tough to kill! Learn several different ways to accomplish this.

## Landscape for the Future 2—Design Your New WaterWise Landscape

Thursday Feb. 23: What do you want in your new yard? Choices range from weed cloth and rocks to a colorful garden that changes with the seasons and invites birds and butterflies.

## Landscape for the Future 3—Irrigating Your New Landscape

Thursday March 2: Learn the water needs of your new landscape. Learn how to adjust your existing irrigation system or put together a simple micro-irrigation system.

## Landscapes for the Future 4—Landscape Ecology

Thursday March 9: This is where we can truly create value with our landscapes. Learn some basic ecological concepts that will make your garden thrive and come alive.
